

## Leaf Art with Emilee

Hello families! It's Miss Emilee here. I hope everyone is staying safe and healthy, as well as enjoying this little bit of extra time with your little ones. I have been spending my time with my 1-year-old daughter. We have come up with a few fun activities to enjoy together. This activity I am going to share with you is one of our favorites! This is a simple & fun indoor or outdoor activity involving crayons (or whatever coloring supplies you have available at this time) paper and leaves from your front yard or backyard!

### Steps

1. Place a piece of paper on a flat surface.
2. Place different leaves of all shapes and sizes on top of the paper.
3. Place another piece of paper on top of the leaves.
4. Color directly on top of the leaves that are placed underneath the paper. You can make fun designs/multicolor/choose your favorite color etc, etc.
5. Underneath each of your designs, you can write the name of the color or create a new name for the picture you created.

Here are some of our photos. We chose colors of the rainbow and then decided to write out each name of the color!

I hope you all enjoy this fun coloring activity as much as we did!
